Two Faculty Positions in Information Systems at ESSEC Business School

The Department of Information Systems, Decision Sciences and Statistics (IDS) at ESSEC Business School invites applications for two full-time faculty positions in Information Systems at the Assistant, Associate, or Full Professor levels starting September 2023. The positions will be based in the campus near Paris, France.

ESSEC is a leading European business school with campuses in France, Singapore, and Morocco. The school offers both graduate and undergraduate level training in business administration (Master in Management, Executive MBA, Specialized Masters, PhD, Global BBA). The Master in Management program is ranked 6th in the world in the latest 2022 Financial Times ranking, and the school's Executive Education is consistently ranked among the top global programs. For more information on ESSEC, please visit: https://www.essec.edu/en/

In the latest research ranking of the Association for Information Systems, ESSEC ranks 3rd in Europe/Africa/Middle East in the number of publications in the six leading IS journals ("Basket of Six") in the period from 2017 to 2021. Faculty in the IS group (with 10 full-time faculty) conduct research on a variety of topics, including:
- Digital business, innovation, and IS strategy
- Business impact of artificial intelligence and blockchain
- Processes of IS change
- IS design, implementation, and use
- Data governance and analytics
- IS theory and research methods

Candidates should have a PhD (or equivalent) in Information Systems or a related area.
- Candidates for the Assistant Professor position should have some record of publication in leading IS journals, or a promising pipeline of papers targeted for publication in such journals.
- Candidates for the Associate Professor position should have an established record of excellence in research and teaching.
- Candidates for the Full Professor position should be internationally recognized scholars, who have significant achievements in research and teaching, and have made substantial contributions to the IS field.

The level of appointment (Assistant/Associate/Full Professor) is open, and salary will be commensurate with qualifications and experience. Following ESSEC's wider strategy, we are particularly interested in profiles with demonstrated expertise in the areas of digital entrepreneurship or IS sustainability/responsibility. The IS group is committed to increase the number of women in scientific positions. Female candidates are therefore encouraged to apply.
